ALOHA!

ON BEHALF OF THE INTERNATIONAL INTERIOR DESIGN ASSOCIATION (IIDA) HAWAII PACIFIC CHAPTER, I'd like to thank you for taking this moment to celebrate our inaugural Ho'ohuli Awards with us. We have dreamed of this celebration of local commercial interior design since our beginnings back in 2005, and it's been rewarding to see our vision come to life.

Ho'ohuli is a word that has deep meaning for our interior design community. In the Hawaiian language, ho'ohuli refers to the idea of *change*. This is, at heart, what excellent interior design achieves – the transformation of interior environments, and in turn, the transformation of the users who experience and are inspired by them. Interior design goes beyond the physical and often affects the unseen – functionality, health and well-being. Interior designers have an affective and effective impact on the world.

As a chapter, we look forward to our continued growth. We have exciting and re-imagined opportunities for our members, including advocacy events, membership appreciation events and professional development opportunities as we continue our journey. I encourage all of you to keep in touch. Please check out our website, www.iida-hi.org or our Instagram page @iidahawaiipacific to stay informed. We look forward to seeing you at our next event.

Thank you to all our volunteers, members, industry partners and sponsors. We truly would not be in this moment without your generosity, time and hard work. IIDA continues to fill my cup, both personally and professionally, and I look forward to getting each of you connected in a way that fills yours.

Mahalo nui loa,
Lakiesha Nicole Stanley,
IIDA Hawaii Pacific Chapter President

RENEW - CONSCIOUS HOSPITALITY

FIRM / The Vanguard Theory
 CLIENT / OLS Hotels & Resort
 LOCATION / Honolulu, HI

The design behind Renew was driven by a goal to create a hotel that was mindful of its footprint and relationship with its host culture. Going beyond materiality, the interior was designed with sustainability and philanthropy in mind, and curated for the conscious consumer who wants to create a positive impact here in Hawai'i. Judges praised the project's successful execution of a bold and graphically alive interior on a limited budget and ambitious schedule. By minimizing material waste and providing opportunities for guests to support local purveyors, the design helped to balance hotel development and tourism with philanthropy.
